Rapunzel Organik Tarım Ürünleri ve Gıda Tic. Ltd. Şti's factory established in 1997 in İzmir, Kemalpaşa, Ören. In its factory, it produces organic dried fruits and vegetables (organic dried apricots, organic dried figs and their diced and paste products, organic raisins, organic dried tomatoes and dried tomatoe diced, organic dried mulberry) organic nuts (organic hazelnuts, organic pistachios); ensures the production of jar products (organic capers, organic black olives, organic roasted red peppers, organic peperoni peppers, organic dolma) in contracted co-processor companies; supplies other organic products which are in it's export product range (organic dried sour cherry, organic mulberry, organic caper) from organic certified suppliers.

Rapunzel Organik Tarım Ürünleri ve Gıda Tic. Ltd. Şti, has been cooperating with contracted organic farmers that mainly placed in Manisa, Malatya, Aydın, Balıkesir, Samsun, Ordu regions for many years, and purchases its raw materials directly from these organic farmers without any intermediaries or traders.

Since it' s foundation, Rapunzel Organik Tarım Ürünleri ve Gıda Tic. Ltd. Şti is dedicated to producing and distributing healthy foods and at the same time protecting ecological balance of the nature.

All Rapunzel products are sourced from 100% organic agriculture since the beginning. Protecting and improving the organic, wholesome quality and safety of our food products has highest priority for us.

Organic agriculture is the base for a sustainable, future-proof economy and an essential contribution to global food security.

Besides the aspects of an organic, high quality and safety food production, for Rapunzel, also the social aspects play an important role.

Our employees and all those who are part of the value chain strive towards this goal.

In this context, while producing 100 % organic with love for a fair and liveable world, in which globalization isn't perceived as a harassment but as a chance; We undertake to;

- * Produce our goods in comply with national & international legal requirements and food safety system standard requirements,
- * Process our products in comply with national & international organic legal requirements and other international organic standards like Demeter, Krav, FFL, etc.,
- * Provide environmental conditions suitable for good production practices, good hygiene practices and food production,
- * Provide full traceability in which we can reach the origin of our products and control the farm activities, harvest, storage, processing and sales stages of our productions,
- * Ensure the quality and safety of our products with intense internal quality controls and numerous external analysis done in accredited laboratories,
